Hello-

The Ring MOU has been reviewed by the Office of Law with one minor revision to the signature page to reflect the proper signature authority. With that change, the MOU is legally sufficient.

Thank you.

Mr. Dixon,

The Police Department has attached a MOU for the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement working together to make Prince George's County neighborhoods safer. We are requesting that these documents be reviewed for legal form and sufficiency prior to its submission.

Please contact Ms. Kaaryn Stanford, if you have any questions or need additional information.

Thank you for your assistance.

Good Morning Mr. Dienstag!

On behalf of the Assistant Chief Hector Velez, he is working on the Memorandum of Understanding (MOU)with Ring. One item is requested is an updated Certificate of Insurance. Please see the attached Sample. We will need these documents to complete the MOU and have it processed through our ARC System. If you have any questions please feel free to call me.

Thank You! Have a Great Day

Ring wants to help reduce crime and increase safety in Prince George's County, Maryland

Ring is excited to propose a solution to the Prince George's County Police Department to help reduce crime and assist with investigations in the community.

Program Description

This program will provide the Prince George's County Police Department access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Prince George's County neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, the Prince George's County Police Department may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, the Prince George's County Police Department and Ring may work together to offer subsidized Ring cameras to select parts of Prince George's County.

Responsibilities

Ring

- Make the Ring App available to Prince George's County residents free of charge.
- Donate Ring cameras to the Prince George's County Police Department or area of Prince George's County based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of 80 Ring cameras.
- Make the Ring Neighborhoods portal available to the Prince George's County Police Department, free of charge, including support and training for Prince George's County Police Department employees.
- Work with the Prince George's County Police Department to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with the Prince George's County Police Department.
- As appropriate, subsidize the purchase of Ring cameras by Prince George's County residents as part of a formal subsidy program.

Prince George's County Police Department

- Engage the Prince George's County community with outreach efforts on the platform to encourage adoption of the platform/app.
- Choose how the free Ring cameras should be distributed. There are two options.
 - Cameras will be donated directly to the Prince George's County Police Department. The Prince George's County Police Department will in turn distribute these cameras to the community as part of its outreach programs.
 - Ring will directly distribute these cameras to the local community, with input from the Prince George's County Police Department.
- Maintain appropriate access controls for Prince George's County Police Department personnel to use the Ring Neighborhood Police portal.
- Make data related to Prince George's County Police Department incidents/call logs available to Ring on a mutually agreed upon basis.
- Have the option, but not obligation, to participate in a subsidized camera program.

Term

The Prince George's County Police Department's participation in the program shall commence upon the Prince George's County Police Department's acceptance of these program terms. Either party may terminate the Prince George's County Police Department's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to the Prince George's County Police Department around October 1, 2018.

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to the Prince George's County Police Department without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. The Prince George's County Police Department agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring and other than in connection with bona fide Prince George's County Police Department work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Prince George's County Police Department shall keep the terms of this program confidential.
